DAY 10: Depart for home

Galilee

With a rich combination of history, spirituality and lush scenery, Galilee is a must-see when you visit Israel. For historical and religious aficionados, it offers an unparalleled opportunity to step back in time. A simple walk through the ancient streets and courtyards will give you a sense of its amazing past. Enjoy a hike through the Gamla Nature Reserve, which is rich in nature, landscape and historical remains. The reserve's cliffs are home to the largest colony of Griffon vultures in the country. From the mountain, view the remains of an ancient Jewish settlement that includes a synagogue from the fourth century.

Galilee
Israel

Jerusalem City
Jerusalem, Israel

Jerusalem

No trip to Israel is complete without a visit to the capital of the Jewish world. You'll enter the walled city of Jerusalem through the Jaffa Gate, then head up to the ramparts for fantastic views of the city. Next, you'll tour the City of David – the most ancient section of Jerusalem built by King David. On your visit, immerse yourself in history both at the Israel Museum and the Yad Vashem Museum. The latter contains the world's largest repository of information on the Holocaust and is also a leader in Shoah education, commemoration, research and documentation. After, stop at the colourful Mahane Yehuda Market – a feast for your senses.

Bedouin Camp

While in Israel, spend a night at a Bedouin camp. The camp offers a unique experience of the traditional life of the nomadic Bedouins. Music, poetry and dance play a role in their culture. The traditional musical instruments include the shabbaba, a long metal pipe similar to a flute, and rababa, a one-string violin. Women primarily provide the vocals, and sit in rows facing each other. When you arrive, you'll get to enjoy a camel ride through the desert and explore the astonishing area of the Dead Sea. This intriguing spot contains almost six times the salt as the ocean. Return to the camp for an evening of music and hospitality.

Camels at a desert oasis
